

An intellectual voyage toward new ways of thinking, perceiving, learning

Almost a decade ago, Joseph Chilton Pearce experienced a crack in his own "cosmic egg"—and through it escaped to a more fulfilling life-style. Here he translates his mind-expanding discovery into terms others can understand and use in making their own creative breakthrough.

THE CRACK IN THE COSMIC EGG "...enters into universal creation, cosmic energy, don Juan's teaching, etc., rebuilding and destroying previous beliefs. It gives me hope for sheer intellectual effort to penetrate into the vast reservoir of intuitive knowledge."

—John C. Lilly, M.D., author of *The Center of the Cyclone*

"THE CRACK IN THE COSMIC EGG is the Phoenix rising from the ashes."

—Alan Watts
