

## THE BOOK OF MERLYN

the final volume of that classic tale, is a must for everyone who loved *The Once and Future King*

The aged King Arthur, alone and disillusioned on the eve of his last battle, is visited by his childhood tutor, Merlyn. Through the magician's powers, he is reunited with his old animal friends and undergoes two final transformations. From the worlds of the ant and the geese he learns his last lessons on the nature of man and of war, before returning to face his own fate, comforted by the knowledge that man will endure.
